PROFESSIONAL SUMMARY

Aspiring SAP ABAP Developer with hands-on experience in ABAP programming, report development, and customization in SAP S/4HANA environment. Trained in core ABAP concepts such as Data Dictionary, Reports, Module Pool, Smart Forms, BAPI, BADI, and ALV Reports. Eager to contribute to SAP projects and grow as a technical consultant in enterprise environments.

SKILLS

Languages: SAP ABAP

SAP Technologies: SAP ABAP, S/HANA, Data Dictionary, Reports, ALV Reports, RFC, BADI, IDOCs, Smart Forms

Tools & Platforms: SAP GUI, Eclipse, GitHub, VS Code, MS Office (Excel, Word, PowerPoint)

RELEVANT PROJECT

Invoice Printing using SAP Smart Forms (ABAP) (Dec 2025)

- Designed and developed a custom SAP Smart Form (ZSF_INVOICE_NU) for invoice printing, including form interface, global data, pages, windows, and custom styles.
- Implemented layout control and print configuration, and tested the form using the auto-generated function module with LP01 print preview.
- Gained hands-on experience in Smart Form debugging, print management, and real-time SAP ABAP form development.

EXPERIENCE

SAP ABAP Trainee | RIA Institute of Technology, Bengaluru

Sep 2025 – Dec 2025

- Completed 3-month hands-on training on SAP ABAP and S/4HANA platform.
- Developed programs using Data Dictionary, Internal Tables, and Modularization (Include, FORM).
- Designed classic and interactive reports using ALV and Smart Forms.
- Worked on Open SQL, BAPI, and BADI for data retrieval and integration.
- Gained exposure to debugging, performance tuning, and enhancement techniques.

Full-Stack Web Development Intern | ParvaM CosulTech Pvt.Ltd, Bengaluru

Feb 2025 – May 2025

- Developed responsive front-end interface using HTML, CSS, and JavaScript.
- Built and integrated backend services using Java, Spring Boot and MySQL.
- Collaborated in agile sprints, contributing to full development lifecycle.

EDUCATION
